

**The High-Energy Club program  
is designed to:**

- **Create a safe, relaxing environment for school agers before and after school.**
- **Provide a stimulating environment for children to explore, create, make and do new things.**
- **Provide positive opportunities for social and emotional development.**
- **Maintain a nurturing environment and staff that meet the individual needs of the children.**
- **Operate a quality program that meets the personal needs of families.**
- **Teach children responsibility, respect and ownership through guided activities and staff role modeling.**

"An action-packed program for school age children!!"

---

**THE HIGH ENERGY CLUB IS...**

...an exciting place for children before and after school while their parents are at work.

...a fun place for children who enjoy exploring, creating, making and doing new things.

...a safe environment for children.

...a quality, affordable program that parents can rely upon throughout the school year.

---

**SCHEDULE & LOCATION**

The latchkey program operates in conjunction with the school calendar. The program is open from 6:30 am– 8:50 am & 3:30 pm -6 pm, closed when school is cancelled. The program is located at Wooster Township Elementary in the Large Activities Room

---

---

---

**PROGRAMS**

Our Program during the school year expands and enriches your child's school day. Each day incorporates a homework time and assistance. It provides a social environment for your child for group play and activities in both the morning and afternoon.

---

**STAFFING**

Staff is carefully selected to meet or exceed licensing requirements for latchkey programming. All have training and experience caring for children and are from the local community.

---

**SNACK**

Nutritious snacks are provided daily after school.
